

Responses to Survey Questions 10 & 11

Question 10: Is there any open space you would like to see protected?

- 1 Large tracts abut state, city, or waterfront
- 2 Pool, Parks, Museums, Concerts
- 3 The area on left going down Clark St before Brookside Dr. Deer cross here
- 4 I am not familiar with all of Gardner areas - just the NW
- 5 Conservation Land especially from beavers
- 6 All Orchards or farms, esp. w/ ponds or streams
- 7 No more developments!
- 8 Greenwood Park
- 9 Kendal Pond, Golf Course, Crystal Lake, MWCC area, Dunn's
- 10 ? Can't read it
- 11 North Gardner city area
- 12 Playgrounds
- 13 Forest behind golf course, Dunn Pond? Mobile homes, NC corridor, Kendall Pond, Jackson park pond
- 14 East Gardner Area. Prison Area.
- 15 Forestry along Rt. 140
- 16 Crystal Lake & Golf Course to Perley Brook Res. Clark St area east of Fish&Gun. Dunn Park Area. Camp Collier area.
- 17 The piece of land between the college track and the golf course
- 18 Murdock and area. Gardner Fish & Gun natural land, Rail Bed across from golf course on Eaton St
- 19 If there is any left, protect it!
- 20 Dunn Pond
- 21 Dunn Pond
- 22 Dunn Pond, Betty Spring Road
- 23 no
- 24 Land around Wright's Res in So. Gardner. Wetlands on both sides of Whitney St (east side of Rt68) land on north side of Perley Br Res
- 25 Wet lands and forests NNW of Saunders St abutted by Theresa Lachance's property
- 26 The woods around Otter River between 101 and 2A
- 27 City Water Shed Area
- 28 Forest areas of Betty spring Rd, Forest area around golf course
- 29 Dunns, GW Pool/ Crystal Lake area, any wetlands
- 30 Gardner "Race Track" and surrounding properties. Camp collier area. All of old state hospital properties.
- 31 Dunn Pond - more protected! Bike Path- more protected.
- 32 Area near Camp Collier should be protected. Raymond/Kelton streets
- 33 East of Brookside Dr, North Century way/ Clark St
- 34 We need "Green Up" laws that require local businesses and retailers to plant trees to hide building and parking lots.
- 35 Definitely, lands near Dunn Pond & Perley Brook Reservoir now being threatened by trailer parks.
- 36 No-this leads to Big Brother government telling you how to use your land
- 37 Property around Perley Brook and Crystal Lake reservoirs
- 38 Yes off Clark St around the drinking water area.
- 39 Clark St area from condos and any wooded area along road - country setting
- 40 Besides the big chair? I don't know any- Is there a list of endangered areas? Thank for the time to get this all together!
- 41 Areas surrounding Perley Brook reservoir - Bike path? Present and proposed.
- 42 Bike path around Crystal Lake, Dunn's
- 43 Cedar Hills
- 44 All of the acreage surrounding Perley Brook Reservoir - much wildlife lives in this area and need protection
- 45 As much open NE type space possible - it is almost all disappearing
- 46 No
- 47 Dunn's
- 48 Open land west of Perley Brook Reservoir
- 49 Dunn's Park, GMS Wetland
- 50 The woodland between century way & the Wilder brook Area.
- 51 restricted from motor bikes conservation area ATV rt140 vehicle also to be disallowed
- 52 South Gardner Pail Factory Brook runoff to Otter River (near Airport)
- 53 Any land near ponds and lakes.
- 54 Perley Brook area, MWCC forestry
- 55 Forest and woodlands behind MWCC, across from Dunn's, behind Pearl St
- 56 The old Heywood Farm / College property. I grew up there until 1937. Managed by my father & his ancestors for well over 100 years.
- 57 All woodland areas
- 58 city forest, Perley Brook Reservoir, Crystal Lake
- 59 Old railroad bed going toward Winchendon and any other wooded areas currently being torn up by off-road vehicles
- 60 s. bent mill, Crystal Lake area, old mills and factories
- 61 1. Undeveloped land behind Perley Brook dam, 2. Perrault Farm (rt. 140), 3. All undeveloped land behind the Gardner Prison
- 62 Land adjacent to all of Dunn Park area
- 63 Not necessarily but we are overbuilding
- 64 Perley Brook, Crystal Lake

Responses to Survey Questions 10 & 11

Question 10: Is there any open space you would like to see protected?

- | | |
|---|--|
| 65 Any land adjacent to Dunn's | 104 All the open space we have presently should be saved |
| 66 Lake Wampanoag | 105 Areas of Clark St |
| 67 areas surrounding Perley Brook much of undeveloped area near town forest and camp collier | 106 Perley Brook area it is a great place to walk dogs |
| 68 Area around Dunn's & MWCC & Heywood Hospital | 107 Old poor farm area off rte 140, Mathew's st/140 area, Whitney St area |
| 69 Lakes and forests areas | 108 Areas adjacent to or leading into our reservoirs |
| 70 Preserve as much as possible | 109 rt. 101 Pearl St to Ashburnham line. Rt. 140 to Winchendon line + Westminster Betty Spring Rd, Mathews St. All land abutting Fish & Gun club. Perrault farm, rt. 140 the end of keys rd, But its TOO LATE for that one! Which politician got his palm greased by Sweeny? |
| 71 I do not like the sticky tape used to tape this notice to my door. It causes a black spot on my white door. Very inconsiderate | 110 Corner of Pearl & rt. 140, Eaton St Clark St. Wetlands, open space, recreation areas, woodlands, Mathews St |
| 72 Land around Perley Brook, & dam off Clark St | 111 Land by Perley Brook, Keys rd |
| 73 All land around our public water resources, undeveloped area in north Gardner | 112 no |
| 74 no | 113 Camp Collier |
| 75 Perley Brook area off Clark st | 114 The land and waterway around the former Samuel Bent property |
| 76 Pond Recreation for Parkers Pond, swimming and canoeing/kayaking build beach. | 115 Parkers pond, the los of funds to preserve this area was a bad choice. |
| 77 Wetlands between rt. 140 and camp collier | 116 Area between Dunns, north to MWCC |
| 78 all of it | 117 We are new to Gardner and have heard rumors about a public playground slated for the empty lot next to our home on Leo Dr. Although another public playground would be wonderful in Gardner, this would not be a good choice as it would increase noise and traffic into our quiet neighborhood. |
| 79 Parkers Pond | 118 Wet lands, forest lands |
| 80 Bailey Brook | 119 no |
| 81 All our ponds, lakes, and woodlands. | 120 no |
| 82 Parkers Pond (needs to be cleaned) | 121 Baseball parks |
| 83 Kendal Pond | 122 Protect what do have |
| 84 Add any additional land to buffer zones around watershed areas. | 123 Parkers pond |
| 85 Open Space land designated conservation as with Carlson Lane development | 124 Wetlands |
| 86 Erickson's property on Betty Spring. | 125 Gardner State Forest |
| 87 Old dam off Eli Dr (Not sure the name of the river) | 126 Forest near the bike path |
| 88 The forests around Mathews St | 127 No, all buildings historical |
| 89 City forest of rout 140 | 128 Elm St Fire Station |
| 90 Wooded areas around reservoirs. Good water is becoming more scarce world wide. These areas make for good parks (no swimming) | 129 no |
| 91 Greenwood Pool, but create a parking lot, users make driving Park st dangerous. | 130 Gardner is good |
| 92 Betty Spring Reservoir area. | 131 Not off hand |
| 93 Parker's Pond!!! Please clean it up! | 132 All land |
| 94 Parker's pond!!! | 133 All land |
| 95 See # 4 (the forest areas around pearly brook reservoir) | 134 The ridge place former state hospital grounds |
| 96 Kendall Pond, Snake Pond | 135 ? |
| 97 Dunn's park, Kendall Pond, Perley Brook area | 136 Areas around water supplies |
| 98 Crystal Lake area, Perley Brook area | 137 Bird Sanctuaries |
| 99 140 Corridor | 138 East Gardner Area |
| 100 no | 139 Woods behind high school |
| 101 Playgrounds, Parks | 140 a lot, all |
| 102 The old ice house Hilchey's Pond off route 68. The old dump leaks into the pond. It is contaminated. | 141 Gardner |
| 103 Protect all public owned open space | |

Responses to Survey Questions 10 & 11

Question 10: Is there any open space you would like to see protected?

- | | |
|---|--|
| 142 Wilder Brook off Clark St | 172 The field west of the court house on Mathews St |
| 143 no | 173 The city of Gardner forest land between the Leo Drive and Bear Hill Development and the Clark St/Howard Rd section of Gardner. Save it from housing development. |
| 144 Gardner State Forest more accessible | 174 Take care of the playgrounds and encourage and promote more use of them by city (get kids involved) in their use. |
| 145 nope | 175 Whatever open space is left in Gardner should be protected. We have already lost most of what we had to the Bedroom Community idea. |
| 146 Dunn's | 176 Parker's pond...promises promises. That's all we ever get. We get a fund going and they STEAL the funds for a ladder truck and never replace the funds as promised. They promise to clean the pond (which is a pack of lies!) typical political outlook... "PROMISE THE PEOPLE ANYTHING THEY WANT, BUT AFTER ELECTED, do what you want." |
| 147 Camp Collier area across from 140, they are building too many houses out there | 177 Near Pearl St & rt. 140 |
| 148 Airport Rd, Snake River Pond | 178 Cleanup Parkers Pond |
| 149 Around Dunn's pond | 179 The large undeveloped forest between Pearl St and MWCC |
| 150 Dunn's | 180 Dunn's Pond |
| 151 No | 181 Perley Brook Area |
| 152 Camp Collier off Kelton St | 182 Parkers Pond area, Mill St - Pond area, Dunn's Pond area, Dyer St area. |
| 153 Land along 140, Betty Spring, Clark St | 183 Dunn's and bike trail. Should be no cost to get in these places. |
| 154 Behind her | 184 Hunter Farm, junction rt. 101 & rt. 140 |
| 155 Dunn's pond area, area behind MWCC, bike path, Land off 140 | 185 The entire area around the Gardner airport. |
| 156 Town Florist | 186 Wildlife areas, open space |
| 157 Parks, water ways | 187 All wetland areas and areas with no houses. |
| 158 no | 188 No Opinion |
| 159 Anywhere near the Crystal Lake, Golf Course, Paths, and bike paths | 189 Perley Brook Reservoir, Water shed protection area! Rt. 140 old cart road to Winchendon, the rest of Parkers Pond |
| 160 Dunn's Pond | 190 Tavitsantan Farm (Mathews St) |
| 161 The Asylums | 191 The old Simplex Field Area |
| 162 Skateboard Park, Kayaking and canoeing for younger people to be able to enjoy natural surroundings. | |
| 163 Bickford Park could be used for a skate park. There is a lot of open space there. | |
| 164 Behind century way they are try to put up a trailer park and I would be devastated if all those woods and wetlands back there were destroyed they are so beautiful. | |
| 165 main priority preservation of downtown and old buildings. | |
| 166 Wetlands | |
| 167 Dunn's park | |
| 168 Gardner State Forest | |
| 169 Playgrounds (older) Jackson, fix them up. | |
| 170 no | |
| 171 golf course | |

Question 11: Comments

- 3 We believe children should have more recreation to keep them off the streets
- 4 Need Paves - Black top on Eastwood Circle. Nice neighbor need black top more look nice street + neighbor.
- 5 Instead of tearing down old BRICK factories repair & rent to REALLY low income families w children<\$10/hr...
- 6 Good Idea; Praying on it - Let's revive Gardner!
- 7 I think a good athletic complex w/ soccer fields, basketball courts, tennis courts would be good
- 8 On #9- 1 for buying land; 5 for maintaining & improving existing OS. Strongly encourage cluster dev over spending tax \$ for land purchases
- 9 Give Children something to do. Open playgrounds. What happened to our Rec. Dir.? - Recreation Leagues, winter carnival, skating at Dunns? The city has raised taxes and closed all playground and recreation activity. Our present mayor promised a skate park for youth. ?
- 10 We must be very frugal with our open space. Once gone they are gone forever.

Responses to Survey Questions 10 & 11

Question 11: Comments

- 11 We need to spend money on downtown storefronts, shops restaurants. That would improve Gardner.
- 12 Freeze housing. Stop building houses in Gardner for 5-7 years. Limit building there after to a minimum.
- 13 Open Space is being gobbled up so fast for development there seem to be fewer and fewer natural areas. We need nature for renewal of our bodies, minds, and spirits.
- 14 Thank you for your concern
- 15 A skate park would be great for Gardner
- 16 Zoning: Doctors, Lawyers, Realty Shops, Etc should be in zoned areas, NOT residential!
- 17 I Believe the Dump is in a place too close to the Cemetery, not good for families. We know there are rats there and large ones also smelly in summer.
- 18 Thank you for all staff at Gardner City Hall to keep up the great Gardner's current and future preservation of great nature & development as well
- 19 Teenagers of Gardner and surrounding towns need a place to go to have fun that won't cause trouble. A teen center should be considered. Thank You!
- 20 Ref # 9 - all need for funding in a city ought to be kept in balance. Open Space provides relaxation areas for residents as well as the "Environmental Pump" for clean air and water for the health of all. Re #5-, would there be accountability. Re# 7Theater, Concerts, Movies - low cost or free.
- 21 Please carefully consider before adding a skateboard Park to Gardner - look what happened to Hubbardston. V hard to supervise! Also, ? Whether "Up, Down, All Around" playground is still safe given findings at similar playground in Athol.
- 22 I would like to see less (Housing) development in Gardner. More efforts to use conservation easements to protect areas from being developed.
- 23 Try using older buildings for recreation for teens. They have no place to use their spare time. Open bowling alleys - teen dance at night.
- 24 There is a proposed trailer park for this area. Currently it is conservation land and regularly "wet". Developing it would push water into other places, like MY yard.
- 25 An effort should be made to plant more trees throughout our town. Efforts should be made with the National Arbor Day Foundation to become a "Tree City USA".
- 26 It is difficult not to believe that we are too late as much of what we should be preserving is in some stage of development. We need to be more aggressive.
- 27 #5= depends on how much and for what use
- 28 Jobs for everyone factory's that's what's important
- 29 We need to prioritize our needs before spending money & resources on this - like Police, Fire, and all grade school busing. We have many recreational facilities now, but too many rules exist for them to be used by our kids - like the playgrounds. #9 Utilize more of what we already have.
- 30 A drawing layout of 'future bike path & walking path" by me was dropped off at CDP office before actual start of present path, yet, I never received a thank you note or any mention of my contribution of my future plan of a bike path
- 31 Suggest a small playground in the Clark St area.
- 32 I believe it cheaper is buy the land & preserve it than to allow tons of development & build more schools. It's a fact that has been proven in many towns including Sudbury where I moved from.
- 33 Elderly home with garden area for elderly to have choice one planting a community garden or flowers like NH
- 34 #9 But we do really need our streets plowed and city hall open too!
- 35 We recently moved to Gardner and love the city. It has plenty of opportunity for so many things... we look forward to it!
- 36 I'd like to see completion of the bike trail around Crystal Lake, with extension around the lake itself.
- 37 Get the developers out of Gardner
- 38 The city is going crazy with building - too much-too fast. Need to preserve our city and still have a country setting and keep our schools with the best of equipment and small class sizes. Also, need buses before more housing.
- 39 Need to go back to recreation Director for kids
- 40 We need recreation space in the neighborhoods for the kids to play basketball, baseball, skateboard, etc. so they don't have to do it on the streets.
- 41 Answers largely depend on age - young families need recreation - elders need quiet, restful, peaceful areas.

Responses to Survey Questions 10 & 11

Question 11: Comments

- 42 Residential development continues to destroy natural habitat in this area, obviously. Rather than raising property taxes for existing owners, increasing fees & taxes on developers whose short sighted profit motivations still have more emphasis on law-making than what this survey is seeking to accomplish. Thanks for the query and good luck.
- 43 Too many new homes being built by developers!
- 44 Updating and making safe many of our current areas would be great for the community. All baseball fields could be updated. Ovila Case playground needs much maintenance
- 45 Thank You!
- 46 No strip mining! No stripping trees for trailer parks or more houses. Leave as many as you can. Ref #2= no more trailer parks
- 47 Stop cutting down the trees
- 48 Reduce light pollution, remove floodlights installed by Unutil. Re#7= improve walking all over city especially between S. Gardner and Gardner, Stargazing, Field for rocketry
- 49 Please, please, please nothing that creates more noise pollution and air pollution.
- 50 There is so much trash along the streets in Gardner that I would really like to see removed.
- 51 I would like to see Gardner become a destination for the arts.
- 52 Would like state and local government authorities to turn their interest more to the development of the outdoors for recreational use.
- 53 Gardner is growing much too rapidly. It will come at a high cost for everyone
- 54 I find all these new housing areas disturbing - off Conant St - believe it almost connects to Sylvan Rd. Off N Broadway, house at top of Greenwood St as you turn and head toward Conant St. Nice house but crammed n sideways - miserable site! I haven't been down Century Way for a long time - Entirely different feeling since 1951
- 55 The walkway around Crystal Lake is too close to the water. Should be 200 ft or more.
- 56 We need to look at over development in our city
- 57 The city needs only to look 14 miles east of here in Leominster to see how uncontrolled development creates sprawl and gridlock.
- 58 Stop building new homes and businesses!
- 59 I am against any further development of land in Gardner. The semi-rural character of the outskirts is being ruined by it.
- 60 Gardner needs a skateboard park - perhaps in an unused area of our defunct playgrounds
- 61 Gardner has become an OVER CROWDED bedroom town! I don't think there is much left o save. TOO BAD!
- 62 Steps need to be taken to drastically slow down new home construction before we lose all the things that make Gardner such a nice place to live. We are a retired couple who have lived in Gardner all our lives, have been property owners for over 40 years, and have seen many changes.
- 63 Lets make a Gardner worth living in. Industry, tourism, business, etc
- 64 We would like to see some businesses downtown that offer bakery, coffee house and unique items. A new shopping plaza and some new restaurants.
- 65 We need to vote in new zoning regulations and protect the existing areas from developers. We are being overrun with out of town developers. Affecting schools roads, water, and upkeep of our little city.
- 66 Gardner has great outdoor recreation places - need to maintain and need to attract and keep new businesses. Maintain school playgrounds
- 67 I would support a temporary, at least, moratorium on any further development of housing until we see if the current huge building programs will support the needs of Gardner with the increase in city taxes there from.
- 68 Complete a cost of community services study to determine cost of service for each type of land use.
- 69 Too many houses are being built - los of open space
- 70 Make available city land for nature walks, hiking. A skateboard park should be built for kids. We need a city dance pavilion like the old days for adults. Let's use our land for recreation, not preservation
- 71 It is crucial that we put a moratorium on building in Gardner, and especially protect our wetlands, which feed into the reservoirs
- 72 stop the building. Not enough water, there is a water ban in summer. Schools are over crowded. Not enough police. Not enough firefighters

Responses to Survey Questions 10 & 11

Question 11: Comments

- 73 Strip mining and building 50+ condo units on very small areas of land must stop! Also, the building of housing with no regard to the impact of schools and water is irresponsible and horribly shortsighted! The citizens of Gardner have not seen any benefit from the increased tax base of these units!
- 74 We need more production from downtown. Incentives for businesses to provide relief + attraction + resources in town. Playgrounds need work + maintenance. Our natural resources should be preserved + protected. No low income or housing assistance.
- 75 We need a decent shopping area, so we don't have to go out of town. More clean and cheerful diners of restaurants. I'm a senior.
- 76 age = 90
- 77 Hope to hear about a seminar
- 78 ref #5 = would need to be well defined and realistic. Ref #9 = Plan now or pay later
- 79 Keep the space open (limit new housing) or we won't be able to enjoy it anymore. Thanks for the follow-up call on 11/14/05!
- 80 MWCC should not be allowed to build dormitories in the city of Gardner.
- 81 We were really appalled when we learned of land being sold to a developer by Perley Brook. We felt it was very short sighted and detrimental in the long run.
- 82 Continue to expand bike path
- 83 It is good to live in a city that values our environment and natural resources. Thank you for your work.
- 84 Parker's pond is in need to be cleaned up!
- 85 I think there is enough building of new residential housing going on that it needs to stop! Protect good land that is left. Otherwise, we become a city more than a community. Let's stay as a community to raise our family(ies)
- 86 Water protection district
- 87 We need a moratorium on residential development until our tax base can support it!
- 88 Far too much residential bldg going on & destroying open space. Encourage owners large open space to donate / will open space for nature / conservation.
- 89 none
- 90 Your survey should ask the age of person completing it. Answers of 60-80 yr old will be different than 20 - 50 yr old
- 91 I live on Bridge St and I smell the dump (methane fumes) every day. Maybe they could close that disaster. It's embarrassing when people drive by and have to roll up their windows.
- 92 Do not allow over growth of homes being built. To protect environment and maintain Gardner as the community it's been known for!
- 93 Limit new construction
- 94 Stop housing developments. All our beautiful natural resources are worth nothing if all we can smell is the dump.
- 95 We could really use a dog park in Gardner
- 96 Build or improve existing recreational facilities, hiking/walking trails, tennis courts, etc.
- 97 Would like to see more grocery and clothing stores. Especially market basket.
- 98 There are too many big yuppie palaces being built. The working class already living here can't afford them. Outsiders create more traffic. The prison has brought more criminal element into the area. Gardner has lost its small town atmosphere. We need a moratorium on building. The cedar hills development is being built on wetland. Despite our protest, the developers always win.
- 99 There have been too many developments going into Gardner. Stop the building. Get more businesses.
- 100 Stop development of large groups of buildings
- 101 No need to add more housing. We can't handle what we have as far as schools and busing.
- 102 More industrial and commercial development. Too much retail only attracts low-paying jobs and crime.
- 103 This was the only recreational area for fishing & swimming. It needs to be clean again! (Muck removed) There is wildlife that needs to thrive as-turtles, fish, otters, eagles, great blue heron, ALL OBSERVED
- 104 I would like to see some "no littering" signs. More trash receptacles, and emptied in a timely manner. Any store large or small should be required to furnish adequate trash disposal in and outside the store. I have yet to hear any of the town fathers mention anything about the graffiti that is becoming more visible.
- 105 Gardner needs updated safe playground areas for children of all areas. How about a fundraiser? More recreation options for children in the summer and after school. Golf lessons, swimming activities, summer camp, etc, even for minimal fees.

Responses to Survey Questions 10 & 11

Question 11: Comments

- 106 I am at home. I have difficulty walking. I am 91 years old
- 107 Town land to build decent senior center. Parking is a great big problem. Building not accessible. Why? Bad choice.
- 108 Dunns park - walking trail around pond needs major over haul. Too many stumps and uneven surfaces. A more solid surface would be ideal. Can be done. Many people use this area.
- 109 As much as I would like a recreational facility - why spend all that money when "people" don't respect it and ruin it! Save the forests and wetlands from future housing.
- 110 Survey is biased. No consideration for developments. There will be more people in this town and there is no space for it.
- 111 They should have an inspector for the houses (developments). They are dangerous. Taxes too high. Not the right people in city hall. Clean water. Sweep streets
- 112 ref #8 school system busing
- 113 ref#8=places for camping
- 114 ref #5= only if it won't increase taxes
- 115 We need to spend more money on firefighters, police, and school systems rather than worrying about open space and recreation sites. Ref #5= only if it won't increase taxes. Ref #9= Depends on what id happening
- 116 ref #8= playground
- 117 no, all covered. Ref #9= too much building, not enough open space.
- 118 Gardner is advanced. We have many of these activities. - Thank you
- 119 (should have sent) Please send this to me, I am 72 yrs old. How am I supposed to think so fast?
- 120 Pretty happy we are doing this, to get the feel of public.
- 121 none
- 122 new outlet to 140 off Clark St
- 123 Very happy in Gardner
- 124 I am all for the preservation of wildlife. I would like to see sanctuaries for birds and the Canadian geese.
- 125 A dog park or other areas for pets to go: Areas where pets are allowed.
- 126 Good idea
- 127 no
- 128 no
- 129 none
- 130 Get school busses
- 131 Great job!
- 132 More mountain biking trails
- 133 Tax money used for more activities (playgrounds), skate park, skaters everywhere, very unsafe.
- 134 need to do something regarding children
- 135 We enjoy walking along the roads in woodland areas. We see too much litter and trash (food bags, drink cans) along the sides of the road, in streams and wetlands. We also see trash (vacuum cleaners, bikes, furniture) left in streams and rivers. We are concerned about this pollution of the waters.
- 136 This is all nice but even without a child in the Gardner school system I would rather have my tax money be used to provide busing to school through grade 12!
- 137 We need more aggressive search & application for grants that will protect our water supply & our forests, ponds & wetlands. Need to acquire critical land to prevent it from being developed.
- 138 Gardner needs more restaurants and better /more shopping choices! (Stores ---malls etc) All we have here is Chinese food/pizza and auto part stores! Think about it.
- 139 Thank you for asking these questions
- 140 I would like to see more jobs in the city, more business, and more chain restaurants. Would be nice to be able to find a decent paying job closer to home. Ref#3= Lived here all my life and none of the above seem to fit. Maybe 20 years ago. Not now. It's a city. Ref#9= There does not seem like there is any now. Have gotten used to it.
- 141 Keep ponds safe and clean
- 142 There is not enough bike and walking trails and places dogs can walk on
- 143 No more cul-de-sacs, Better development on Rt. 2a?
- 144 Thank You
- 145 I believe we have grown above what we can hold already. We need woods not every section of vacant land built on. The animals now have no place to go. Let's stop over populating every open area.
